DETAILED ACTION

Current Status

Claims 1-9 are pending in the application.

Allowed Claims

Claims 1-9 are pending in the application.

Reason For Allowance

The following is an Examiner's statement of reasons for allowance: Applicants claim compound, its pharmaceutical composition and its use for treating Alzheimer's disease; wherein all the other variables are as defined in the claim. The compound, its pharmaceutical composition and the method of use for treating Alzheimer's disease were neither found to be obvious nor anticipated by the prior art of record.

The objection of the abstract of the disclosure set forth in the previous Office Action of 4/8/05 is withdrawn in response to applicants' amendments.

The obviousness-type double patenting rejection set forth in claims 1, 2, 6 and 7 of the previous Office Action of 4/8/05 has been withdrawn in response to applicants' amendments. Applicants have amended the claims to overcome the obviousness-type double patenting rejection.

A search of the prior art failed to uncover any reference that teaches or motivates one of ordinary skill to disclose the presently claimed compounds, their compositions and the method of use.

All claims (1-9) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
